

# Assignment 5+6

## ANALYZE:

minimum requirements:

1. Allow two players to play alternately on a 3x3 board.
2. Let players choose positions to place their marks (X or O).
3. Check if any player has won or the game is a draw.
4. Display the board after every turn and announce whose turn.
5. Announce the winner or draw.

The key nouns for classes:

1. Game: Manages the game flow and rules.
2. Player: Represents a participant with their symbol (X or O).
3. Board: Represents the 3x3 grid and handles board-related operations.
